

DRIED CALIFORNIA FIGS

# WHOLE

HSC Code: 0804.20.40

California Dried Figs - Whole are fully ripened and dried naturally on the tree for maximum sweetness. Once dried, the fruit is harvested, sized and sorted. Quality fruit is then washed thoroughly, inspected and packaged at state of the art processing facilities. California Dried Figs are in good supply and available year-round. Naturally dried figs, such as the Black Mission, are dark purple in color. Lighter figs, such as Calimyrna, Kadota, Sierra, Tena and Conadria, may be sulfured or bleached to prevent browning.
